Summary

An active eighth-semester Informatics Engineering student at Universitas Negeri Surabaya with a strong interest in technology, specializing in Front-End Development and UI/UX Design. Passionate about creating responsive, interactive, and user-friendly web applications by transforming creative ideas into real digital experiences. Proficient in modern front-end technologies including HTML, CSS, JavaScript, Vue.js, React.js, and Tailwind CSS. Experienced in UI/UX design processes such as wireframing, prototyping, and user research to deliver attractive and functional interfaces. Has developed various academic and collaborative projects, including internship-based web development projects. Seeking opportunities to apply and further enhance my skills as a Front-End Developer.

Education

Universitas Negeri Surabaya (State University of Surabaya)

Aug 2022 - Present

Experience

Internship, UPT TIKP Dinas Pendidikan Provinsi Jawa Timur

Feb – Jun 2025

Front-End Developer

- Collaborated with a team of 6 members to develop a web-based application project.
- Developed responsive and interactive web-based user interfaces using Vue.js and Tailwind CSS for a Learning Management System (LMS) that helps teachers learn digital applications.
- Participated in project discussions, UI implementation, and feature development throughout the internship period.
- Assisted in data recapitulation and administration for the New Student Admission (PPDB) event using Microsoft Excel.
- Successfully completed the internship program with an A grade evaluation.

Studi Independent, Maxy Academy

Sep - Des 2024

Front-End Developer

- Completed 13 front-end technology competency modules in web and application development over 3 months, achieving an average score of 93.17.
- Participated in a Hackathon, completing a technology-based project with a focus on developing innovative solutions to enhance local potential and address real challenges in the community, achieving a score of 95.
- Successfully completed a virtual internship at Maxy Academy, which collaborated with PT Batu Tala Saudara to complete a case study according to the company's needs.

Projects

Rumkita (Rumah Teknologi Pendidikan)

Feb – Mar 2025

Acting as Front End Developer, UPT TIKP Dinas Pendidikan Provinsi Jawa Timur

- Using Vue.js and Tailwind CSS to develop the Rumkita platform, which helps teachers access structured and high-quality digital creative learning materials more easily.
- Implemented modern and user-friendly website layouts to improve user experience and accessibility.
- Collaborated with 6 team members from various divisions.
- Complete tasks on time according to the schedule given by the company.

Project Case [Virtual Internship] at Suxesstories

Nov - Des 2024

Acting as Front End Developer, Maxy Academy

- Using Vue.js and Bootstrap to develop the Success Stories feature, which helps companies manage events and makes it easier for JobFair participants to register for events.
- Collaborated with 9 team members from various divisions.
- Complete tasks on time according to the schedule given by the company.

Hackathon 2nd LaporPak.com

Nov 2024

Acting as Front End Developer, Maxy Academy

- Developed a website with three reporting categories: fire, medical, and theft, which allows users to report incidents and directly forward them to the relevant agencies (fire department, police, medical services).
- Using HTML and CSS code to create intuitive and responsive user interface.
- Collaborated with 9 team members from various divisions.
- Completed the project on time in 3 days.

Hackathon National

Oct 2024

Acting as Front End Developer, Maxy Academy

- Applied best design practices and utilized HTML, CSS, and JavaScript to build a website that promotes Desa Leuwimalang.
- Collaborate with 2 members from UI/UX design division to implement according to the given design.
- Successfully completed the task on time within a period of 3 days.

Volunteering Experience

Surabaya City Education Department, Surabaya

May - Sep 2023

Tutor Assistant

- Improved students' average scores by 50% in Mathematics and helped over 10 students enhance their final exam scores.
- Collaborated with students to complete assignments and homework.
- Emphasized the importance of effective learning by encouraging students to create study plans and boost their confidence through positive reinforcement strategies.
